

# PRODUCT PROFILE

## D-C-Tron<sup>®</sup> Plus UV protected spray oil insecticide.

D-C-Tron<sup>®</sup> Plus is a highly refined, emulsifiable, premium quality horticultural oil containing a special UV absorber to reduce the risk of phytotoxicity. It is designed to control a wide variety of pests and diseases on fruit trees, vegetables, ornamentals and other crops.

### Features

- Now registered for silverleaf whitefly control in vegetables
- High pesticidal activity with superior leaf coverage and persistence
- Contains a unique UV absorber that protects against phytotoxicity
- Works in combination with beneficials to restore ecological balance
- Very highly paraffinic, efficacious nC24 oil which is slightly heavier than traditional 'summer' weight oils to prolong on-leaf persistence
- Formulated with food-grade, biodegradable, phyto-safe emulsifiers
- Blocks pest respiratory systems and acts as an ovipositional (egg laying) deterrent.
- Emulsifies readily in water, even in complex tank mixtures
- Acts as an adjuvant for other insecticides by improving the targeting, spreading and wetting action

### Benefits

- Flexibility of use, either by itself or as an adjuvant
- Soft on beneficials and so is ideal for IPM programs
- Can be a rotation option in resistance management strategies

- No persistent environmental residues
- Multiple uses simplifies inventory and reduces chemical carryover from season to season
- Economical and easy to use

### Recommended Applications

D-C-Tron<sup>®</sup> Plus is most often used in silverleaf whitefly control programs in vegetables and to control scale pests in citrus, tropical fruit, nut trees and vine fruit but can be used in a much wider variety of fruits to control a range of pests as detailed on its registered label.

### Key Details

**Registered in:** citrus, bananas, grapes, pome, stone and tropical fruit, and ornamentals

**Active constituents:** 782 g/L paraffinic petroleum oil

**APVMA Registration number:** 57033

**Effective unsulphonated residue, % UR:** 98

**Viscosity, cSt at 40°C:** 13

### Pack Sizes

205L, 20L.

Refer to product label for full mixing and application instructions.
