

D-C-Tron[®] Cotton
SPRAY OIL

CAUTION

KEEP OUT OF REACH OF CHILDREN

ACTIVE CONSTITUENT:
827 g/L PETROLEUM OIL

CONTENTS:
20 L, 205 L,
1000 L

An emulsifiable spray oil for use as a cotton defoliation aid and as a carrier for certain insecticides.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Phone Australia 13 11 26). If swallowed, **DO NOT** induce vomiting. Give a glass of water.

SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet that can be obtained from www.fmccrop.com.au

GENERAL INSTRUCTIONS

This product is for use with thidiazuron (eg. Dropp*) and Resource* cotton defoliant. This product may also be used as a carrier for insecticides as per the directions for use table of the relevant mixture product.

MIXING

When using as a carrier: Add the required amount of D-C-Tron Cotton[®] to the tank, then add the insecticide according to its labelled rates.

When using as a defoliation aid: Add the required amount of defoliant (e.g. Dropp* or Resource*) to the mixing tank, then water, and lastly add the D-C-Tron Cotton[®] and agitate well. Maintain continuous agitation while spraying.

PROTECTION OF LIVESTOCK, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

STORAGE AND DISPOSAL

Keep out of reach of children. Store in the closed, original container in a dry, cool, well-ventilated area out of direct sunlight.

The container can be recycled if it is clean, dry, free of visible residues and has the *drumMuster* logo visible. Triple or pressure rinse container for disposal. Dispose of rinsate by adding it to the spray tank. **DO NOT** dispose of undiluted chemical on site. Wash outside of the container and cap. Store cleaned container in a sheltered place with cap removed. It will then be acceptable for recycling at any *drumMuster* collection or similar container management program site. The cap should not be replaced but may be taken separately.

If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

DIRECTIONS FOR USE

CROP	SITUATION	STATE	RATE	CRITICAL COMMENTS
Cotton	Defoliation aid	All States	1 L/ha	Apply in combination with thiadiazuron (eg. Dropp* Ultramax) defoliant as specified on that label.

Cotton, canola, field peas, lupins, maize, mung bean, navy bean, pigeon peas, sorghum, soybeans, sunflower and other crops as specified on relevant mixture product label	Carrier for certain insecticides		3-5 L/ha	Apply in combination with insecticide as specified on the insecticide label to ensure insecticide reaches its target.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

WITHHOLDING PERIODS:

DO NOT APPLY LATER THAN ONE DAY BEFORE HARVEST.

NOTICE TO BUYER

To the extent permitted by the Competition and Consumer Act (2010) or any relevant legislation of any State or Territory (the "Legislation") all conditions and warranties and statutory or other rights of action, whether arising in contract or tort or whether due to the negligence of FMC or Seller, which buyer or any other user may have against FMC or Seller are hereby excluded provided however that any rights of the buyer pursuant to non-excludable conditions or warranties of the Legislation are expressly preserved. FMC hereby gives notice to buyer and other users that to the extent permitted by the Legislation it will not accept responsibility for any indirect or consequential loss of whatsoever nature arising from the storage, handling or use of this Product. Where permitted by the Legislation FMC's liability shall in all circumstances be limited to the replacement of the product, or a refund of the purchase price paid therefor.

The Product must be used and applied strictly in accordance with the label instructions and other directions for use. It is impossible to eliminate all risks associated with the use of this product. Such risks may arise from factors such as weather conditions, soil factors, off target movement, unconventional technique, presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of FMC or the Seller. Buyer accepts these risks.
